

NOEMI & YERA W are Luchadores mas rapidos, well known to the League Of Extraordinary Gentlemen as “El Gatos Voladores (The Flying Cats)”!! Actually they’re exceptional members of the Tikitis, a team of supposedly science minded superheroes who have retired to Islas Canarias, in Spanish archipelago just off the southwest coast of mainland Morocco! These Luchadores are charged with preventing the local Mafia leader, the mighty “King Katch” from leaving the islands. With their extraordinary superpower and their unique hands-in-the-air/rave Old-skoolish Breaks attitude they’ve catch him with “Love Beats” in Hacha Grande, a mountain in the south of Lanzarote, and imprisoned him inside a Dragon Tree viewed from the road to the Playa De Papagayo!
