DLRSAMPLES01 LUCHADOR TECH-FUNK/BREAKS SAMPLES VOLUME 1

MACHO

Michal Machovic aka MACHO is probably the best Slovakian Breaks producer and one of the most important producers of the modern Breaks scene. During 2008 MACHO formed the BRABEATS project (together with MDC), a project which lasts till early 2013 and managed to release stuff for FLEXTONE RECORDS, BREAKS SK RECORDS and V.I.M.BREAKS. His first personal release show the light of the day back in the Summer of 2009 and it was a remix for HALOBEATZ's "Beat It/Wicked Style" single for V.I.M.BREAKS. His first official single was released November of the same year and it was called "SO LET'S BEGIN" for V.I.M.BREAKS which gained chart success and a great review on MIXMAG MAGAZINE. Since then MACHO managed to create a really strong profile in the scene as one of the best Breaks/Tech-Funk producers and as a killer dj! He has released stuff for top labels like LOT49 RECORDS, DIABLO LOCO RECORDS, V.I.M.BREAKS, DIGITAL SENSATION UK, RAVEART RECORDS, KINDCRIME RECORDINGS, LIZPLAY RECORDS, AUX TECHNOLOGY and more. Since August of 2010 he's running his own, small but quality label, BREAKS SK RECORDS, a label with a lot of Breaks/Tech-Funk releases by him and many international Breaks producers.
