

## I need a sample CD

Posted by theorize - 2007/09/18 22:40

---

anyone know of any sample CD that have alot of the classic breaks (among others), UNALTERED. I'll hack 'em up myself, I'm not really looking for a CD that's got 30 different versions of some rearranged amen ya know?

I'm looking to possibly do some big-beat type of stuff for a film that looks like there will be a lot of action in.
