DIABLO LOCO RECORDS is the new quality label focused on Tech-Funk, Electro-House, Tech-Breaks sound by top artists of the international scene. Inspired by the traditional Mexican wrestling culture and the famous Luchadores the label aim to deliver top class singles, remixes, compilations and design!

In Lucha Libre, it is far more common to see wrestlers wearing a mask and never revealing their true identities to the public, much like real-life superheroes and villains than in the American version of the sport. To be unmasked by a rival wrestler, or indeed anyone at all, is usually an irredeemable dishonour to the athletes, but there have been cases where they continue to fight even after having been beaten in this way. BL1TZ got his Lucha-Libre fever under his sk1n, a true Tech-Funk hero, jumping flames like a panther, walking barrios with EK and MACHO.....the true Luchadores Tech-Funk gang!

Thanks for the tracks guys! Awesome original here from Bl1tz. Love the relentless tech funk groove with some classic acid vibes. Awesome. Loving the aggressive Electro spin Macho has thrown down and the Techno/Funk vibes on the Ez remix are also awesome.

Loving all three of these and will be fully supporting this package.
