DEEP GARNET RECORDS is the new quality V.I.M.RECORDS sub-label specialized on Deep-Breaks sound. Taylor was listening intently. "Do you think this time will come?" "Of course. It has almost arrived now. This is the last war. Man is almost united into one final culture—a world culture. At this point he stands continent against continent, one half of the world against the other half. Only a single step remains, the jump to a unified culture. Man has climbed slowly upward, tending always toward unification of his culture. It will not be long—" "But it has not come yet, and so the war had to go on, to satisfy the last violent surge of hatred that Man felt. Eight years have passed since the war began. In these eight years, we have observed and noted important changes going on in the minds of men. Fatigue and disinterest, we have seen, are gradually taking the place of hatred and fear. The hatred is being exhausted gradually, over a period of time. But for the present, the hoax must go on, at least for a while longer. You are not ready to learn the truth. You would want to continue the war." "But how did you manage it?" Moss asked. "All the photographs, the samples, the damaged equipment—" "Come over here." The leady directed them toward a long, low building. "Work goes on constantly, whole staffs laboring to maintain a coherent and convincing picture of a global war."
