

Detach - Fury *OUT NOW ON BEATPORT!!!*****

Posted by thegulfgateproject - 2017/10/24 15:41

Detach is back with his second release for Toast & Jam in 2017! Fury is a dark and stormy slice of breaks featuring a moody low-slung bass line which sets the mood for this high-energy dance floor filler. Detach works in a sparkling synth melody to lighten things up a bit, all the while searing sound systems with mechanical beats and bass. We hope you enjoy this one!
