

Under This - Hear The Sound *OUT NOW ON BANDCAMP!*

Posted by thegulfgateproject - 2021/07/31 16:41

Latvia's premier breakbeat specialist Under This drops Hear The Sound on Toast & Jam and we are loving it! Using a female vocal sample as the hook, Under This employs a harmonically stacked bassline and some ethereal piano loops along with his always crisp drum production to bring a hands-in-the-air breaks anthem you'll want in heavy rotation.
