

Dubaxface - Already Happened ***OUT NOW!!!***

Posted by thegulfgateproject - 2021/08/18 19:32

Spanish producer Dubaxface drops his latest track Already Happened on Toast & Jam. Featuring an arpeggiated synth and a pounding sub bass line, Dubaxface layers angelic female vocals in just the right places, creating an uplifting breakbeat journey. We're loving the positive vibes on this one!
