

K-Deejays - Free Falling ***OUT NOW ON BANDCAMP!!!

Posted by toastandjamrecordings - 2022/06/30 00:33

K-Deejays are known for their high energy productions and Free Falling is certainly all gas, all breaks! A female vocal lead serves as the centerpiece for this peak-time jam as K-Deejays program the drums and edits, splash in a few well-timed male vocal fx to compliment the lead vocal, and employ a heavy sawtooth bassline to keep the subs pumping. Pure, full-throttle breaks from K-Deejays on this one!
