Leuce Rhythms - Get High **OUT NOW ON BANDCAMP!!** Posted by toastandjamrecordings - 2022/07/19 20:50

More funky business from Leuce Rhythms with Get High. Heaps of techy percussive elements combine with an array of synth stabs and sweeps as the drums and bassline march right along in jam-tastic harmony. A female vocal element is splashed in to round out the tune and the result is nothing short of a dance floor funk bomb!
