

FM-3 & Majestic Noise - Sensation ***OUT NOW!!!***

Posted by toastandjamrecordings - 2022/08/21 13:24

FM-3 & Majestic Noise team up to bring us their new track Sensation. Featuring a female vocal loop and a swirling filtered bassline, Sensation comes out swinging from the first breakdown. Laser stabs and a high-end synth loop work their way in, as a twinkling arpeggio sits just in the background. With its heavy-hitting drums and anthemic hands-in-the-air feel, Sensation is ready to rock a dancefloor near you.
