

F-Word - Give Me The Beat **OUT NOW ON BANDCAMP!**

Posted by toastandjamrecordings - 2022/08/21 13:27

F-Word drops another slice of piping hot breakbeat goodness right in our collective laps with his new track Give Me The Beat. With a shuffling swing, Give Me The Beat employs an array of vocal stabs and loops alongside a rugged chunky drum kit to set the tone for this dancefloor bomb. Along the way, you'll encounter plenty of sub bass and synth loops that make Give Me The Beat a funky ride from beginning to end.
