

Prato - Kindling ***OUT NOW ON BANDCAMP!!!***

Posted by toastandjamrecordings - 2022/09/23 03:54

Florida based producer Prato has been dropping breakbeat jams for quite a while now and we are delighted to finally have him join the Toast & Jam fam. Kindling is a nod to early 2000's era breaks with a vintage trance synth stacked on top of a rapid-fire 16th note synth bass element. The two synth components work their way through the chord progressions in harmony as a very familiar vocal sample gives Kindling a booty-bass feel.
