Posted by toastandjamrecordings - 2023/02/02 03:57

Get ready to bounce to FM-3's new track Once Again on Toast & Jam. Once Again features a snippet of an iconic hip hop vocal from which the track draws its title, along with some funky xylophone and jazz flute elements. This jam has a garage breaks shuffle and a head-bobbing bassline and, as always, FM-3 displays his technical prowess with creative edits and drum programming.
