

Miss Mants - Bubble Gum **OUT NOW ON BANDCAMP!!**

Posted by toastandjamrecordings - 2023/02/17 03:29

Bubble Gum is the latest funky breaks offering from London based producer Miss Mants. With a heavy emphasis on synth development, Bubble Gum's bouncy drum kit lays the framework for Miss Mants to craft both a low-end and complimentary high-end synth that will keep your shoes shuffling. The breakdowns feature a smattering of record scratching and vocal loop fx which set up the drops and keep the Bubble Gum energy lively.
