Elastic Mind (Freestylers Remix) ***OUT NOW!!!*** Posted by toastandjamrecordings - 2023/03/31 03:10

For our 200th release we wanted to give you something special so we had Freestylers remix Jiro & GreenFlamez Elastic Mind and we think this track fits the bill perfectly. It's a Freestylers reggae roller complete with dubby chord stabs, bongos, and a bouncy bass line. Much thanks to Freestylers for helping us celebrate number 200 in style, and to everyone who has supported the label on our journey to 200 releases. On to 300!
