

Jason Laidback - Look ***OUT NOW ON BANDCAMP!!!***

Posted by toastandjamrecordings - 2023/09/20 02:45

Jason Laidback delivers his next funk and soul infused breakbeat jam Look. A soulful vocal and funky disco samples counter acid synths and hammering kick drums as Look gets cooking. Layers of filtered horns and gated chords work their way into the mix as Jason Laidback ties it all together in his signature style.
