

## B-Phreak - Light It Up \*\*OUT NOW ON BANDCAMP!!!\*\*

---

With a reputation for bone-rattling breakbeat bangers, B-Phreak comes packing a punch with his new jam Light It Up. A stuttering vocal loop and fuzzed-up synth stab lead the charge as B-Phreak's sonic excellence is on full display once again. The mid-section break gives a brief reprieve before the main vocal kicks in and Light It Up finishes its audio beat down.
