

The Beatkillers - Stab In The Dark **OUT NOW!!!**

Posted by toastandjamrecordings - 2024/01/18 19:41

The Beatkillers latest tune Stab In The Dark brings us some zesty drums and percussion with a healthy dose of tambourine, as electro-piano chords alternate with the bass stabs from which this track gets its name. The juxtaposition of funky breakbeat drums and vocal samples with the darker melodic and bass elements creates a fantastic tribalistic groove ready to rock your next set.
