Mesmer - Furious Fish

Sound Of Habib proudly presents Mesmer's debut LP, 'Furious Fish'. This Romanian maestro is one of those rare producers whose prolific output is matched entirely – and invariably – by the supreme quality of his sound.

Having been on the up-and-up for the past few years, Mesmer's magnificent 'Rowlacoaster' was released on Sound of Habib earlier this year, with a host of other productions fuelling his reputation as a major talent to watch. His sound is best described as deep, driving and atmospheric breakbeat, resplendent with choice vocal cuts, delicious psychedelia and a true sense of musicality.

From the sublime 'Everytime We Lose Control' and the speaker-shuddering 'Wormsigns' to the eccentric 'Who Wants To Jack Jack' and the percussive genius on 'Lights Shine Down', this album – every beat of it – will invigorate your soul, spank the dancefloor and leave you properly wowed. It's the sound of Mesmer, and it's every bit what breakbeat should be.
