Hi party people!

Just over a week to go 'til our mega huge 1st Birthday bonanza! We're excited!

To help get you in the mood for the party, the lovely Bass resident DJs have knocked together our first ever podcast, with each resident providing their own mini-mix in a progression from warm up to banging peak time. We've cunningly titled it The Bass 1st Birthday Podcast!

You can stream and download it from our mixcloud, here are the linkies...
