Tune into The Lunar Shift Sessions tonight, on Rapture FM - www.rapturefm.co.uk 7-9pm (GMT). In honour of the 4th birthday of Dirty Spirit, the Rapture FM breaks night held in Cambridge, we have the second in our trilogy of special shows.

The 4th birthday party is being held at Nusha in Cambridge on Saturday 3rd October with probably it's best ever line up including Rapture FM residents Lunar Shift as well as a headline set from 2009 Breakspoll Award winner Rob Focuz.

In the run up to this huge night, I shall be looking back at the music that had graced the speakers of Dirty Spirit over the years, last week we looked at 2005 & 2006. This week with the first hour of the show dedicated to breaks from 2007, moving on to 2008 in the second hour.

Next week, we have the biggest Lunar Shift Sessions to date, where the headliner from the night itself, Rob Focuz will be gracing the decks of the Rapture FM studio for a very special one hour guest mix treating us to what he has install for the birthday party.

This is not to be missed kids, get involved!!!
