On Saturday 17th July 2010, 6pm GMT, Cockney Nutjob will be hosting The Crazy Beatz Show live from Bournemouth on <http://radio.brap.fm/> or <http://www.brap.fm/>

On this weeks show I am excited to have one of the main players in the French breakbeat scene 'Flore' providing an exclusive guest mix. Allying irresistible melodies and fervent rhythms. Flore's unique sound has incited crowds all over the world these last few years.

First known as an excellent DJ who knows how to give pins and needles in the legs to the shy, bored and non-initiated people, Flore quickly become a figurehead in the breakbeat scene in France & abroad, through a dozen of international releases, which have been supported by Plump DJs, Freq Nasty, Radios BBC1 and GalaxyFM. Thanks to countless remixes and solo releases on imprints such as Mofo, Ibreaks and Labrok. Flore's latest single, 'We Rewind' / 'Feel Me' (featuring Rodney P and Shunda K of Yo! Majesty) is out now on 'Botchit & Scarper'. Her debut album, 'RAW' is due for release this summer, and has already been rated album of the month (August issue) in both Mixmag and DJ Mag.
