Hi everyone!

I know things have been a bit quiet around this way for the last few weeks, many apologies for that! The combination of me getting my scheduling mixed up last time and moving flat has meant Hubie Sounds has had to go on another brief hiatus... but never fear, Hubie Sounds is back this week in full effect!

And this time we definitely will be presenting our Chemical Brothers Special! Just in case you missed all the info last time, here's the dealio...

To celebrate the release of The Chemical Brothers' seventh studio album Further, we will be dedicating the whole show to the production skills of Tom and Ed with two hours of Chemical classics, including a selection of tracks from the new album.

So we hope you can tune in to the Hubie Sounds Chemical Brothers Special this Tuesday 13th of July @ 9pm UK time – live and direct on NSB Radio!

Don't forget to join us in the Chatroom too!

For all the details, including how to tune in to NSB Radio, please read on...
