I've really been feeling the slower House and Nu Disco sounds over the past year or so, and when I heard I.D.s Slow House Mix 2 I had to play it on the radio. You can check out his first Slow House mix over at <http://bassmusicblog.com/slow-house-mix>, which is well worth a listen. After that there's an hour of my usual mish mash that includes the new one from Four Tet & Thom Yorke!
