Can't add to own topic
Posted by kyulo - 2008/04/20 05:18

_____

Hi,

I've had this problem before, but always found a way to a add the next archive to my webcast thread. However, now it has become impossible to reply in that thread.

I just strarted a "part 2" thread now but if someone could take a look at the problem and make it 1 thread again, that would be nice ;)

thx in advance,
K
