Yep Yep Yep, the legendary RAGE (London) makes it long awaited return!

We are not just from the old school!...We were the old school!...

Come and learn... We wont just teach you what was, We will teach you what is!!..... Come listen come see come be part of history!

We return to HEAVEN (london) our original home (how many can say that?) to shake this superb venue to it's core again with full funktion one sound system and full light and laser madness recreating the untouchable atmosphere all over again.

NEVER BEFORE HAS THE BREAKS AND DNB SCENE BEEN STIRRED UP LIKE THIS!

We are using every inch of this historic venue! Two main rooms and the soundshaft. The new main floor balcony over looking the DJ box the new VIP room.

In total four rooms of madness plus a outside smoking area.

This whole night is being filmed and recorded by Rough Tempo TV!

DJ's playing the new school sounds and beats playing back to back all night.
