

## WarehouseLDN - Martinez Brothers, Hector Desolat

Posted by WarehouseLDN - 2013/01/23 04:53

---

6 months after its massive refurbishment, Warehouse London has made a huge name for itself. Playing host to some of the biggest names in the deep house scene it has certainly proved its self to be one of London's newest and hottest venues with its new Funktion One and Full Fat Audio sound system being the main talking point. As the name would suggest, Warehouse will offer the raw vibe of an industrial space but with none of the draw backs.
