Open Source Zombie is an online collaborative zombie project that is in development.

We will be looking for darker dnb, breaks, basslines etc.! Like Iron Sky vs. Youtube's Day In A Life, except fucked up zombi shit, and not as much cheeze!

FINLAND / UK (however there will be many more than us)

Director / Editor - Kaarle Kulvik (since 2001 in making media)

<http://www.gilgamint.com>

DOP - Vesa Rajala (head of a small TV channel in Finland)

<http://www.aatemedia.fi>

Sound design / music - Tuukka Sarkki (making music since 1995 black metal / dark electronica / techno)
