* XMASH MEGA HYPE ALERT *

DIESELBOY the D&B destroyer is flying in from the US for his first London show in over 10 years!
<https://soundcloud.com/dieselboy/dieselboy-the-destroyer>

Techno legend SUBHEAD plays live at BF for the first time.

Also joining us are ANORAK, SMYLA, P-HOCTO, DAVE SHADES, DISOWNED, RAGGAMUFFIN, JAKAZID & loads more!

There's also been a lot in the press about the future of Electrowerkz
<http://djmag.com/news/electrowerkz-threatened-plans-crossrail-2>

It was reported that the venue could be demolished due to Crossrail 2 development.
The latest info suggests the line will pass 30m under the venue
but a proposed works depot in Torrens St could force the venue to close :(

* SO FOR THE LOVE OF RAVE DON'T MISS THE LAST BF BEFORE THE WEEKENDER
AND WHAT COULD BE THE LAST ONE AT OUR BELOVED ELECTROWERKZ *

The full lineup now looks like this ;)
