Music By:

CHRIS LANDRY

Pacha - Webster Hall - 2016 WMC VDJ CHAMP!

The key to continued success for any DJ lies within constant evolution. What were once just two turntables and a mic became two CDs and eventually one laptop. However, Video DJ Chris Landry is now spearheading the latest movement in deejaying, combining audio and visual into one experience. While deejaying remains a staple in nightlife, VJ Chris Landry continues to be one step ahead of the game. As he brings a heightened level of energy to the art of turntablism, he has only one goal in mind. "I aim to see people waving their hands in the air and screaming having a great time," he states, "and keeping them all there until four in the morning."
