Posted by DoBOY - 2014/01/22 11:20

DoBOY (doh-boy) aka Curtis Register began mixing in the late 90's where he did residencies at local dance clubs in Macon GA. Their he met Stephen "Structure" Dunn and became an OG member of Foe Pound Productions. With the Foe Pound team together, they set out to throw the sickest parties at that time. Bringing DJ/producers from all over the world to help establish the EDM scene in middle Georgia.
