

The Nazty Boys - New Mix!

Posted by phloax - 2012/04/26 21:58

What's up peeps! Check out our latest mix called Dresden Codex. Mixed & mastered by yours truly!

Thanks Katya! I think you'll dig this one. It's not very complicated/flashy in the sense of DJ terms but we put a lot of time into the track listing and making sure it had 100% perfect flow to it. Plus the mix is definitely not lacking in the heavy department. Let us know what you think! =]
