This forum area is for our Nubreaks DJs to post their show archives or other various mixes they have done. If you are not a Nubreaks DJ and would like to post one of your mixes (or any other mix for that matter) please post it in our "Mixtsets" forum area under the "Music & Arts" section. Here is a direct link to this forum:

If you have post a mix in here in the past and noticed it is missing it was moved to the "Mixsets" forum.

If you have any questions about this please feel free to contact me via private message here on the website.

Thanks,
Clint (aka twinkdogg)
