### DIRT REVOLVER

Alan Cross aka DIRT REVOLVER is a prolific Breaks/Electro producer based in London, UK. His first official appearance in the scene was back in the end of 2010 with the Electro-House single "DIRTY LITTLE SECRET" for VENTUNO RECORDS followed by a couple of other remixes for the same label. In the beginning of 2011 he appeared on the LOT49 RECORDS "TAKE MIAMI" compilation (with a killer Progressive-House remix for ODISSI's "Red Headed Devil Woman") and since then he never looked back. With a lot of appearances on LOT49 compilations and singles his career is getting a big boost from the beginning of 2013 with his killer "GET THE FUCK DOWN" single for DIABLO LOCO RECORDS and an awesome remix for SUPERPOLITIK's "HELP ME FLY" single on V.I.M.BREAKS. Watch out for his forthcoming V.I.M.BREAKS SPECIAL EDITION SINGLE "SOUL SURFER" and many more by him during 2013!
