FREQUENCY LESS

Ricky Casero aka FREQUENCY LESS is a killer and fast rising Psy-Breaks/Breaks/Psy-Trance producer from Valencia, Spain. With a strong music family background Ricky was a musician himself since the early stages of his life. His involvement with the Psy-Trance scene back in 2010 led him to production and only one year later he had started producing under the name FREQUENCY LESS. Today he's the owner and main producer of ZEROSOUND RECORDS, and he have released the killer single "BUBBLES DAWN EP" for Greek BLACKED OUT RECORDINGS and the rather excellent single "68 POINT 7 EP" for Spanish TEK RECORDS. Watch out for his forthcoming V.I.M.BREAKS single entitled "THE HALLUCINOGEN EFFECT EP" in June and a killer remix for DIGIBOX's "CONCRETE" single during Summer.
