

Looking for good Top40 Breaks remixes

Posted by MobiusPrime - 2014/05/31 14:31

As always, big ups to everyone who makes this site happen, the DJs, and everyone who supports!

I am trying to find as many good top40 breaks remixes for a dance night we are trying to start.

The reason being is to both give the cypher dancers something to go off to, and have something familiar enough to keep on the fine females on the floor.

NuBreaks DJs personal remixes preferred, but any direction about other artists, or good websites to obtain these kind of tracks would be greatly appreciated!
