KAYSHAN

Richard Watson aka KAYSHAN is a fast rising British producer located now in Granada, Spain. KAYSHAN started his involvement with music as a guitarist and then moved into sound engineer training. It was then when he found his passion for producing music and the rest is history. His first proper release was "SKYCHASER", a wicked Tech-Breaks roller that was released back in July of 2014 for USA quality label FUNKLAB RECORDS, followed by another quality Breaks EP for SPEEDSOUND RECORDS. His first V.I.M.BREAKS release was the remix for GENUSS "Trakteur" track which was followed by another three quality singles for FUNKLAB, SPEEDSOUND and KINDCRIME RECORDINGS. His contribution for PARALLEL DIMENSIONS 2 compilation caused a lot of buzz and his first proper V.I.M.BREAKS single "COMING FOR YOU" gained strong support and chart success on BEATPORT. The Booty/Ragga-Breaks "RUDE BWOY CONNERY" for FANTOMAS and the rather excellent Chill/Downtempo "SECRET GARDEN EP" for V.I.M.TRONICA was some of his highlights for 2015 so far. Watch out for more by him very soon!
