### MECHANICAL PRESSURE

Alexey Scherbakov aka MECHANICAL PRESSURE is one of the most interesting and diverse artists of the modern Breaks scene. The Ukrainian producer started releasing Drum n' Bass stuff in early 2011, then switched to Dubstep and released some killer darkish singles and an album till he decided to experiment with various genres and styles like Electronica, Techno. Tech-House and Breaks. He managed to build a really strong profile in the scene with really special releases for labels like NFBMusic, EGO SHOT RECORDINGS, DISTORSION RECORDS, MORPHOSIS RECORDS, SUBTRIBE RECORDS, KINDCRIME RECORDINGS, WESTERN BLOC RECORDS, SCARCITY RECORDS, THE POOTY CLUB RECORDS, V.I.M.BREAKS and many more. His top quality remix for SLUGWARE's "Cowabunga" and his awesome darkish single "ANOTHER DAY" for V.I.M.BREAKS DARK series were cause a lot of buzz in the scene and gained strong support and chart success. Watch out for more quality stuff by him soon!
