

[SPBR026] Forufreezer - Xumen + Remixes

SPBR026 - Forufreezer - Xumen EP: Hot release from SoundPerfect Breakz Records, Xumen is a deep techy roller with lots of chunky soundscapes for added dimension. On the remix you get a nice electro-style floor-filler from Karmacode and an absolute barnstormer from the formidable Vazteria X, coming correct with that hard, dark, and grimey underground style, the undeniable tearout sound that he is quickly becoming well known for. Be sure to check this out!

Included:

- Forufreezer - Xumen (Original Mix)
- Forufreezer - Xumen (Karmacode Remix)
- Forufreezer - Xumen (Vazteria X Remix)
