1. Snap Back (Original Mix)
2. Snap Back (Danny Dee Remix)
3. Snap Back (Jprime Remix)

With its 24th release Diesel Recordings welcomes GOSIZE back with his powerful original mix. SNAP BACK is a pure fire breakbeat banger filled with heavy drums, punchy bass and catchy vocals. There is some wild energy in this track but also gentle piano sounds showing the perfect balance between the purity and the dirt.

On remix duties 2 great artists. Spanish producer DANNY DEE presents a very well done booty breaks remix, filled with happy energy whereas Canadian producer JPRIME presents a dark booty version of the original mix.
