

[Preview] Next Phase Records Vol1 CD Release

Posted by NextPhaseRecords - 2014/11/06 09:27

Hello everyone !

we are a new record label from the Netherlands that aims for a physical approach to break-beat orientated music from around the world...

Out in December 2014 , this compilation of artists from all over Europe is made with love for the music and an eye for eclectic design with a natural feel.

With a custom developed wooden case , and laser etched design we hope to give you a great piece of music to put in your record collection.

The artists featured on this release: Umod, Mantra, Double OO, Drumotive, Fed By Machines, Infest, Leonux, Enjoy, Okee, Chris Inperspective, Mr Walker and Brad Coleman.

For the clips please check below and for more information pls visit www.nextphaserecords.nl and subscribe to our mailinglist.

Bless !
