FEEDBACK-REVIEWS

Hi.

Thank you for the tracks. Andy Faze sounds best to me :)

Bassica

- 2.AUDIO DROPOUT (V.I.M.TRONICA, V.I.M.BREAKS)

great release man! I love the capcom original, and frequency less remix - full support.

Cheers

3.MARTOPETER (BROKEN ROBOT RECORDS, DIVERGENCE RECORDS, V.I.M.BREAKS)

Very solid EP Greg !!!!

The vibe of the Original is great ! But the two remixes are outstanding. Once again Frequency Less is the winner ! His remix is a pure bomb !

Peter

4.CHRIS VORO (BLACKED OUT RECORDINGS, PERFECTO FLUORO, V.I.M.BREAKS)

Nice comeback from Slinksta. All tracks are really nice. Both Captain Capcom and Andy Faze delivered, but my pick is the Frequency Less Remix.

Thanks for sending

5.LLUPA (NSB RADIO, IBREAKS RECORDS, RUNE RECORDINGS)

hey mate,

cool to see fresh stuff from CC.

dig the groove and and the layered FX - cool tune. Andy is a good pick to remix this and he creates a much deeper track with the same solid groove. FL brings the stomp and much more pay feel.

cool release!

Tom
