B-Phreaks debut single on Sub Element.... and it drops hard!! A huge pitch bent bassline and chunky beats make this the ideal recipe for even the more discerning breakbeat fan boy.

Remixes are courtesy of psy breaks wonder kid FreQuency Less – say no more, and some darker vibes from the man Virus.

After a good break we are back people. Stay tuned!

Support from: The Crystal Method, Bad Tango, LuQas, Yreane, Blacklist, Dirt Revolver, Llupa, Pale Penguin and many more!
