Runwest Records present for you a new brand name on our label with fresh mind - Luke De Loop a.k.a. Luke Collins.

Luke Collins is a music producer and Controllerist from the U.K. who loves mixing up genres. Fusing together the harder side of house and techno with Dubstep, DnB, Breaks and more modern sounds like complextro and Bass music. Both an avid music producer & songwriter, and live electronic act, Luke really shows his desire for music and interest in making his live performances as organic as possible... Now he has brought for us two amazing and futuristic tracks in nu school tech funk genre. Everyone can find something personal in both tunes and for sure it will help for DJ-s to kill the dancefloors in each club.

"Dirty Happy People" and "Stuck In The Middle" - enjoy.
