

BORKA FM - Take Me Away *OUT NOW ON BANDCAMP!!!*

BORKA FM drops his track Take Me Away on Toast & Jam and we are stoked to welcome his creative energy into the fold. A departure from the typical dancefloor-driven content we deliver, Take Me Away is a progressive breaks journey into a soundscape artfully crafted by this German-based producer. Take Me Away features two main sections of action, centered around the vocal from which the track takes its name, two different bubbling basslines, and heaps of sine wave synths and sweeping pads. Nothing but positive, uplifting vibes for you to experience here!
