RESISTOR

Phill Corpe aka RESISTOR is without a doubt one of the best worldwide producers of the modern Breaks scene. Hailing from Brisbane, Australia he has managed to create a solid and unique Breaks sound with influences ranging from Hip-Hop, Glitch and Electro to Rock, Metal and Film score. His first release was back in May of 2010, the CHOOSE YOUR WEAPON EP for DIVERGENCE RECORDS, and since then he has released some top quality stuff for RIDICULOUS RECORDS, DIVERGENCE RECORDS, DEAD FAMOUS RECORDS, RUNE RECORDINGS and KINDCRIME RECORDINGS. His first album "DIGITAL CHEMISTRY" was released in the beginning of 2012 for 96KHZ PRODUCTIONS and gained strong chart success and support by almost everybody. Watch out for his forthcoming "EV SIXTY NINE" SPECIAL EDITION single and his rather excellent "THE NATURE OF MY CIRCUITRY" second album coming out soon on V.I.M.BREAKS!
