

How much is the SAP C02 exam?

Posted by buikte76 - 2025/05/23 01:10

The SAP C02 exam, officially known as the SAP Certified Associate – SAP Activate Project Manager (C_ACTIVATE22), is an essential certification for professionals aiming to demonstrate their skills in managing SAP projects using the SAP Activate methodology. This certification is highly respected in the IT and ERP domains, often pursued by project managers, SAP consultants, and implementation experts.

Cost of the SAP C02 Exam

As of now, the cost of the SAP C02 exam is typically \$250 USD. However, this price may vary depending on your geographical region, local SAP training partners, or any promotional offers available at the time of registration. Some countries may see a slightly higher or lower price due to regional pricing models or taxation policies. SAP C02 AWS Certified Solutions Architect Professional Dumps It's always best to check the official SAP Training and Certification Shop for the most accurate and up-to-date pricing in your area.

What the Exam Covers?

The SAP C02 exam evaluates your knowledge and expertise in the following key areas:

SAP Activate methodology

Agile project delivery

SAP implementation strategies

Cloud and on-premise deployment

Project governance, stakeholder management, and team enablement

The exam consists of 80 multiple-choice questions and you'll have 180 minutes to complete it. A score of at least 65% is required to pass.

Who Should Take the SAP C02 Exam?

This exam is ideal for:

Project Managers leading SAP implementation projects

SAP Consultants working on S/4HANA or other SAP solutions

Professionals interested in advancing their SAP project management skills

Teams involved in end-to-end project lifecycles within SAP environments
